

COLOUR TURN

AN INTERDISCIPLINARY AND INTERNATIONAL JOURNAL

CALL FOR PAPERS 2022

IN THE OPEN FIELD OF COLOUR STUDIES

Colour Turn is an academic journal published by the Eberhard Karls University of Tübingen and is dedicated to the promotion and advancement of Colour Studies. We are committed to an interdisciplinary and international approach to colour research. Our goal is to publish innovative contributions from all subject areas and from authors around the world. Because we are also committed to a free and unrestricted access to academic research, *Colour Turn* is published in an open-access system, which is permanently accessible digitally. In addition to our digital publication, a printed edition of *Colour Turn* will be published once a year. With the help of our editorial team and our team of experts, articles submitted to *Colour Turn* undergo a double blind peer review process.

We are currently accepting new submissions and welcome researchers tackling subjects in the following fields:

- **Colour in Interdisciplinary Context**
- **Colour & the Mind**
- **Colour & Nature**
- **Colour & Technology**
- **Colour & Communication**
- **Colour in Art & Media**
- **Colour in Culture & Society**
- **Book Reviews**

We publish research articles as well as essays and book reviews. Submissions are open throughout the year. Please submit your contribution at: **submission[at]colourturn.net**

For further information on the concept of the journal and our submission guidelines you can visit our website at **colourturn.net**

We are excited for your submissions!
